Fishing

- 5. Measuring Fish:** This tournament is based on **fish length**. Lay the fish out naturally, do not hang it vertically. Do not spread or compress the tail. Don't try to stretch it. Use a ruler or measuring board to measure your fish. Measure down the middle of the fish in a straight line from the tip of the nose to a point aligned with the longest end of the tail. Measure to the closest 1/8 inch.
- 6. Fish Entries:** **Fish must have been caught in the same tournament fishing period they are entered in. No more than two fish may be submitted during each fishing period.** Your two fish do not have to be submitted at the same time. Misidentified fish will be disqualified. Entries may not be substituted or resubmitted
- 7. Texting your fish:** Text one fish picture at a time to the special phone number we provide when we issue your angler number. Text In this order, include only: **fish species, measured length, your name, your angler number** (example: **redfish, 28 inches, John Brown, #143**) That is all we will be looking at. 14. Release: Fish must be released alive, unless legal for harvest. Scientists tell us one minute is the safe amount of time for a fish to be kept out of water. More than that and the gills dry out. They never get over that!

15. Tournament Boundaries: From the North Venice Jetty south to Cape Sable and from 50 miles offshore in the Gulf to the easternmost point on Lake Okeechobee.

16. Permitted Fishing Locations: Contestants may fish anywhere on tournament waters from shore, wading, or by boat, except areas designated as "off limits" or "no fishing" by local, state, Federal officials or by tournament official personnel. No fishing is allowed in marinas, boat basins, near cleaning stations, or other places fish congregate unnaturally.

17. Required Practices: The Angler is the only person allowed to catch fish in the competition. The angler must hook the fish and reel it in on his own, but may have help with: casting or landing a fish, tying knots and baiting the hook.

Scoring

18. Fish Quizzes: If you want to win the boat or you want to add up rod credits, you must answer the Fish Quizzes.

At the beginning of each fishing period we will post a short 5 question video fish quiz at **BeTheFish.NET**. Text your answers to the fish-phone number (example online). Fish-Quiz Scoring: 2 points for each correct answer.

19. Monthly Winners: There will be a picture of the angler with the first place fish in each species and the names of the second and third place anglers for each species entered in the next Water LIFE magazine and then on the \$1Bill Challenge facebook page.

20. Prizes: In each fishing period, **first place winners** for each species receive a rod and reel combo. **You can pick up your rod and reel at the end of each fishing period or you can elect to combine 'rod credits' toward a better rod and reel at the end of the tournament.** Winners will be contacted and asked for their choice of a rod or a rod credit. **2nd place winners** receive top water or diving plugs, **3rd place winners receive points only.** Prizes will be left at Fishin' Franks in Port Charlotte, prizes must be picked up within 30 days.
